Saint Rose of Lima Academy

Saint Rose of Lima Academy is a pre-Kindergarten through Grade 8 Catholic Elementary and Middle School under the Archdiocese of Newark Schools Office.

The curriculum stresses academic achievement within a Christian community where the child feels that he/she is loved and respected by his/her peers as well as the teacher. Vatican II texts are used so that our theology is in compliance with the bishops of the world. United with each other in meaningful liturgy and prayer, the students can further come to an understanding of the Christian life. At Saint Rose of Lima Academy, we are attempting to "teach as Jesus did."

The Diocesan curriculum maps and guidelines, consistent with the State of N.J. guidelines, are followed for the teaching of all secular subject areas. The curriculum is marked by current content and fresh approaches to methodology. There is emphasis on principles rather than fact, on learning through problem solving rather than by precept. We strive to offer a program which makes use of many sources of reading material, a wide variety of audio-visual and technology tools and a multi-text approach to the content areas.

Mission Statement of Saint Rose of Lima Academy

The mission of St. Rose of Lima Academy is to develop the whole person through a community experience of faith, academics, and life. Through this integrated experience each student will develop respect for and responsibility to oneself and others. Each student is challenged to use his or her special gifts in the service of all God's people.

We provide a safe, secure and challenging learning environment, to afford opportunities for all students to realize their individual potential and to become responsible and productive members of society.

Mission Statement of Saint Rose of Lima Academy Extended Care Program

St. Rose of Lima Academy Care Program is a vital part of the mission of St. Rose of Lima Academy extending its mission to provide a Christ-centered Catholic educational experience that will help to develop the whole child – spiritually, academically, and socially.

Philosophy

The purpose of the Academy is to provide an academic environment where moral values, service to others, and a positive self-image are developed, successfully preparing students to face the challenges they will confront throughout their lives. Students are educated spiritually and intellectually, integrating Catholic truths with personal values and morals. As educators, we recognize that each student is given a variety of unique gifts and abilities from God. Through an age-appropriate curriculum, the Academy strives to nurture these special gifts, and foster self-esteem, independence, and respect for others. We firmly believe that within a Catholic community setting each student will:

- be recognized with the dignity worthy of one created by God and for God, regardless of age, background or achievement
- be given the opportunity to develop, according to talents and needs, as a unique human person
- experience an integrated system of Catholic truths and personal values
- be challenged to use their special gifts in the service of others

In compliance with the threefold aim of Catholic education – teaching doctrine, building a faith community, and serving others - we will

- design our educational program to provide for the spiritual, psychological, intellectual, physical and social needs of students
- evaluate regularly the content, methods, and materials of our program in order to guarantee a quality Catholic education
- express, through a life of faith by faculty, administrators, students and parents, the peace and joy that come in witnessing the Gospel message
- engage students in service activities that are meaningful to their age level and that demonstrate the responsibilities involved in personal growth and development.

Philosophy of the Extended Care Program

St. Rose of Lima Academy Extended Care Program provides a safe welcoming environment for the students of St. Rose of Lima Academy to

pray, learn, play, and foster relationships outside of the comprehensive classroom. In turn, parents will be assured in knowing that their child is in a safe and caring environment as they complete their work and ministry before picking up their child.

Allergy Policy

St. Rose of Lima Academy is a nut free school.

St. Rose of Lima Academy Extended Care Program recognizes that an allergy is an important condition affecting many school children and positively welcomes all pupils with allergies to participation in the program.

All Extended Care staff who come into contact with children with allergies are provided with training on allergies from the school nurse who has had specialized training. Training is updated annually and as needed.

1. Asthma/Allergy Medication

Immediate access to reliever inhalers/Epipens® is vital. Children are encouraged to carry their reliever rescue medication pursuant to a medical action plan furnished by their health care provider. Parents are asked to ensure that the school is provided with a current labeled rescue medication.

2. Record Keeping

At the beginning of each school year, or when a child joins St. Rose of Lima Academy, parents are asked to submit a child's medical record. From this information the school keeps its asthma/allergy register which is available for all school and Extended Care staff. If medication changes in between times, parents are required to inform the school and the Extended Care Director.

3. The School Environment

The school does all that it can to ensure the school environment is favorable to children with asthma or allergies. As far as possible the school does not use chemicals in the Extended Care Program that are potential triggers for children with asthma/allergies. Be advised that no school or Extended Day Program can guarantee that a child will not come in contact with a substance that may trigger an attack.

Allergic Reaction/Emergency

In the event of a suspected allergic reaction (where there is no known allergic history), the emergency medical services will be called immediately.

A parent or guardian of a student with diagnosed food allergies is responsible for providing all food for his/her own child. Snacks will be kept in a separate snack box or chest provided by the parent or guardian.

Tables will be washed with soap and water following any food related events held in the Extended Care Room.

Proper hand cleaning techniques will be taught and encouraged before and after the handling/consumption of food.

Custodial Information

It is the responsibility of the parents to share any official custodial information determined through the courts. Official custodial agreements will be kept in a confidential file in the office of the principal. It is extremely important that this same information is shared with the Director of the Extended Care Program so that the student(s) is released to the custodial parent or guardian.

Bullying and Cyberbullying

St. Rose of Lima Academy attempts to provide a safe environment for all individuals. Verbal or written threats made against the physical or emotional well-being of any individual are taken very seriously. Students making such threats (seriously or in jest or online) face detention, suspension, and/or expulsion.

Conduct

In accordance with the stated philosophy of the school, which emphasizes deep respect for the human dignity and uniqueness of every individual, each student will be considerate of the rights of others in all interactions. All students are expected to cooperate with the spirit and policies of the school which are designed to foster mature development and personal responsibility. This requires courtesy in all personal relationships, promptness in fulfilling obligations, concern for the environment, and many other factors which the students' sense of appropriateness will indicate to them.

The Extended Care Director in collaboration with the Principal reserves the right to determine the appropriateness of an action if any doubt arises.

Items such as, but not limited to, questionable books and pictures, White-out®, Sharpie® markers, knives, guns, matches, cigarettes, e-cigarettes, toys, trading cards, laser lights, CDs, I-Pads, fidget spinners, or cameras are not allowed at school at any time.
